- 3) Scroll down to **'Settings & Messages'**
- 4) Push **'>'** right arrow head (on the controls just under the **'TIVO'** button)
- 5) Push the **'Select'** button to choose the 'Settings' option
- 6) If necessary, move up/down to the **'Channels'** option and **'Select'** it to bring up the **'Channel Settings'** screen
- 7) Move up/down to the **'Channel Scan'** option and **'Select'** it
- 8) Select the **'Scan for channels'** option
- 9) Follow the directions on the screen to actually start the scan process which will take a few minutes
 - a) Press the **'THUMBS DOWN'** red button three times and then the **'ENTER'** button at the bottom of the remote control and the **'Scanning For Channels'** will begin
 - b) When the scan ends, push the **'Select'** button
- 10) Press the 'Select' button to 'Add new channels to Channel List'
- 11) The 'Channel Setting' screen will be displayed
- 12) You will want to check on and probably de-activate some of the channels.
 - a) 'Select' the 'Channel List' option
 - b) De-select the channels you don't want (like the lower quality duplicates)
 - c) Where there are duplicate numbers (such as the 53's, 54's, 55's, and 56's and then 53-1, 53-2, etc.) You should de-select the various 53's, 54's etc. and keep the 53-1, 53-2, ... 54-1, 54-2, ... etc. With 57, 58, 59 through 67 and 57-1, 58-1, 59-1 through 67-1, just select the XX-1 values and include 68-1, 69-1
 - d) When the desired channels are selected, Push **'>'** and then Push **'Select'** for **'Done'**
- 12) You are back at the 'Channel Settings' menu.
- 13) You can continue to back out of the menus by pushing the **'<'** button or just Push the **'TIVO'** button.

NOTE: To get to channel 54-3, you will need to select 54 and then channel forward to 54-3 or select 55 and channel back to 54-3
