How Can We Help?

**Partnering with the
Library and the Academic
Resource Center to
Improve Student Learning**

Thursday, March 17, 2011
12:15 pm – 1:30pm in CTE
University Hall 3030

This workshop follows up on Laura's Massa's "Closing the Loop: Assessing LMU's Undergraduate Learning Outcomes" presentation by highlighting existing avenues of support on campus. Both the William H. Hannon Library and the Academic Resource Center provide a great number of resources that can help you improve student learning in your program or academic department.

Susan Gardner, Head of Reference, and Dr. La'Tonya Rease Miles, ARC Director, will discuss services and innovative partnership opportunities to help you and your students meet LMU's Undergraduate Learning Outcomes, especially:

- Written and Oral Communication
- Creative and Critical Thinking
- Respect for Others

Come and learn about how we can help you!

**Lunch will be included, please RSVP to
assessment@lmu.edu or Ext.82628**
