Conversation: Registering for the ISSOTL Conference and the CASTL Colloquium

Subject: Registering for the ISSOTL Conference and the CASTL Colloquium

Dear CASTL Colleagues:

Registration is now open for the ISSOTL Conference and the CASTL Colloquium. Please follow these directions if you are planning to attend (a) the CASTL Colloquium alone or (b) the CASTL Colloquium and the ISSOTL Conference.

1. Go to the conference registration page (with the fees)

<http://issotl09.indiana.edu/registration.html>

and hit "click here to register" at the top (or bottom)

2. The next page starts with a chart of the fees. Go to the bottom and hit "click here to submit/edit your registration."

3. The next screen asks you for the special code. It is 31castl09 (case sensitive). This allows someone to register for the CASTL Colloquium alone (\$100) or the Conference and Colloquium (\$460) (The joint fee is \$30 less than both separately).

If three or more of your CASTL team are registering for both the Colloquium and the Conference, register as a group for \$450 per person.

Follow the directions from there.
